C.N.P. Hospital Recommended For \$100,000 Grant

At a meeting of the Alberta Health Survey Committee on Tuesday assistance totalling \$130,000 was recommended for provincial hospitals.
Among the recommendations, which will now go before the Cabinet for approval, is that of \$100,000 to the Crows Nest Pass Municipal Hospital

Coleman Visitor Believed To Have Drowned

Had Arrived From Calgary Weekend to visit Mr. and Mrs. Bert McEwen; Had Gone Duck Hunting With Local Men.
A drowning tragedy occurred at Strawberry Lake, thirty miles south of Pincher Creek, on Monday morning when Ernie Del Puppo, 30, of Calgary and guest of Mr. and Mrs. Bert McEwen, was the victim. His mother resides at Nelson.

Deceased, in company with Mr. McEwen and the latter's son, Larry, and Mr. Earl Bowen, had left early Monday morning to go duck hunting. They drove as far as Strawberry Lake where deceased, filled with excitement at being on his first duck hunting trip, stopped the car and suggested they seek birds in that vicinity. His more experienced companions suggested that there were too many mudhens in that spot and that they go further on. However he was permitted to get out of the car and see if he could raise some birds. He gave Mr. McEwen some of his personal effects such as his car keys, cigarettes, etc. before leaving and with his gun and dog set off. He was last seen wading waist deep in the slough. Two shots were heard and shortly after the dog returned alone. Deceased was expected back momentarily following the dog's arrival and his continued absence caused alarm. A search was immediately started and when no trace could be found of him a telephone call from a farm house nearby brought the R.C.M.P. to the scene. Dragging operations were started at approximately 10:30 a.m. and continued until dark. On Tuesday morning the party left for the scene of the tragedy aided by several Coleman friends in addition to the Pincher Creek detachment of the R.C.M.P. and their assistants to again drag the lake. Up to Tuesday noon, as this is written, no trace of deceased had been found.

Last Fall deceased had been an employee of Contractor J. A. D'Appolonia, and is known to a number of local residents.

Everyone in Canada should be X-rayed annually for tuberculosis, because early discovery of the disease means early recovery. Mass X-ray surveys are financed largely through the sale of Christmas Seals.

ADVANCE ORDERS FOR CHRISTMAS SEALS

Though Christmas is still 11 weeks off, many people are already asking for Christmas Seals for their Overseas mail. It was announced today by George Draffin, chairman of the T. B. Christmas Seal committee for Lethbridge and district, the agents of the Alberta Tuberculosis Association in this territory.
Mr. Draffin said that advance orders would be filled promptly in any quantities if sent to him, care of the T.B. Christmas Seal Office, Stafford Block, Lethbridge, and that they will be sent by first class mail, prepaid.

Coleman Rodeo Film to be Shown At Roxy Sunday

One Hour of Film to be Shown Sunday Evening at 8:05; Coleman Rodeo, Southern Trans-Canada Caravan and V-E Day Film to be Shown.

Coleman Board of Trade is desirous of giving the public a chance to see on the screen a true-color movie film which it had taken during the recent Rodeo Day and the passing of the Southern Trans-Canada Caravan through Coleman. In addition there will be a screening of the Pass V-E celebrations. To round out the film a film will be secured from the Pass film library. The show will start at 8:05 following conclusion of all local church services. There will be a silver collection that evening from all persons who have not been sold a tag during the week.

Last Thursday the Board of Trade had the Rodeo film screened for its members and all were jubilant following its conclusion at its clarity and beautiful coloring. It is filmed in truecolor and the blue sky, white fleecy clouds, the gray clothes of the thousands of visitors to the Rodeo make it an excellent film.

In the film itself can be seen prominent citizens in action in addition to the hundreds which crowded around the various floats. The piece-d' resistance is the Rodeo scene showing Frew, Richards, Montalbetti, Wilkie and Nicholas trying to throw their calves. Photographer Evan Gushul gave this event exceptionally good play and the waves of laughter that swept down the hill was re-echoed Thursday evening as the Board of Trade members roared with laughter, the loudest of which came from Nicholas, Wilkie and Richards who attended the showing.

Everyone who can should see these films as they are exceptionally good.

The Board wishes to publicize the Rodeo as much as possible by the Rodeo film and any organization in the Crows Nest Pass can secure them during one of their regular meetings. They need only contact Evan Gushul at Nelson-Gushul studio, Coleman, who will attend their meeting to operate the machine and screen the film.

Tags will be sold at 25c each and the money derived will be a straight donation from the public. Club manager Doug Honeyman expects that it will take at least \$75 to purchase the uniforms.

Tags will be sold at 25c each and the money derived will be a straight donation from the public. Club manager Doug Honeyman expects that it will take at least \$75 to purchase the uniforms.

WORK BEING DONE AT TENNIS COURTS

Practically all the post holes have been dug around the area which will house the two new tennis courts. During the past two weeks volunteer help, including that of the mayor's, have dug the holes and some posts are now in place. Bert Bond had his survey instrument at work last week in order that all posts can be set in straight lines.
Councillors George Jenkins and James Lowe left on Wednesday evening to attend the 44th annual Municipal convention being held at the Palliser hotel, Calgary.

MRS. PETER DEMPSEY OF SOUTH SLOCAN PASSES

The death occurred at South Slocan, B.C. on Saturday, Oct. 2, of Mrs. Peter Dempsey, of South Slocan, B.C. Deceased was the mother of Mr. Ray Dempsey, of South Slocan, who is married to the former Miss Gladys Higginbotham.
Mrs. Tom Higginbotham was visiting her son-in-law and daughter at the time of the former's mother's death. Mr. Higginbotham left Coleman on Tuesday morning to attend the funeral and was accompanied home on Thursday by Mrs. Higginbotham.

Everett Price Heads St. John Ambulance Assoc.

Young Men Given Key Position of Coleman Branch St. John Ambulance Association.

Coleman branch of the St. John Ambulance Association held a meeting last Sunday morning to elect a slate of officers for the new season and give consideration to the start of the Fall and winter classes.

During the years which the Association has been organized it has always been the lot of the older members to take the key positions in order to more or less guarantee the Association functioning properly. However these men who have been saddled with the responsibility of office desired to place the burden on younger shoulders with the result that the younger members were given responsible positions. Everett Price was elected president succeeding to the post vacated by Ernie Hill; Clarence Clarke was elected vice-president. The secretary's position was given careful study and J. M. Rushton's twenty five years of unbroken service to the Association was too highly prized to let him go altogether with the result that Mr. Rushton was again elected secretary and Gerald Clarke elected recording secretary so that the latter could gain experience under Mr. Rushton before taking over the position at a later date.

International executive included H. Turner, J. Kilgannon and Art Valin.

McGillivray committee included S. Vasek, W. Lord and E. Fabro.

Instructors—A. McCulloch, J. Kilgannon, H. Turner, M. Kubica and G. Clarke.

First Aid classes for both ladies and men will start next Sunday in the high school auditorium at 1 p.m. Lectures are free and all persons interested are invited to attend the classes.

RODEO CHAIRMAN

JIM WILKIE who was unanimously elected to the position of Coleman Rodeo chairman by Coleman Board of Trade on Thursday evening, L. S. Richards resigned from the position owing to heavy pressure of business.
Mr. Wilkie has been vice-chairman during the past three years and has proven himself a hard and competent worker who is thoroughly experienced in all phases of Rodeo administration.

Board of Trade Seeks to Have Local River And Creeks Dredged; Richards Resigns From Rodeo Chairmanship

President Percy Dickieson Gave Interesting Report on Southern Trans-Canada Caravan Trip; Seek Permit to Have Crows Nest Lake Recognized As Seaplane Base

Approximately thirty members of Coleman Board of Trade gathered in the Grand Union Banquet room last Thursday evening to hear an address by Wm. Kovach, M.L.A. of Hillcrest. Unfortunately he was unable to attend and had only phoned secretary N. Nicholas a few hours prior to the meeting. To lessen the flood hazard the Board sought to strengthen the hand of the council in bringing into this area a government dredge. The government will be asked to dredge in addition to Crows Nest River, the McGillivray Creek which caused so much damage this spring and other local creeks. A wire was authorized to be sent Hon N. A. Tanner, Minister of Lands and Mines.

Since the Board sought to bring recognition to Crows Nest Lake as a seaplane base Queen Charlotte Airlines have given every encouragement. A plane landed at the lake last week belonging to the Airline and its crew, in conversation with President Dickieson, advised that a license be secured from the Dept. of Transport and thus have the lake placed on maps denoting seaplane landing areas. It was also suggested that a pier be built so that planes landing on the lake would be able to tie up to it. The question of gas was also touched upon and it was suggested that a supply be kept at the base or in Coleman.

The Board has contacted Mr. Clarence Huffman who has a cabin at the lake. He has stated he would be prepared to build the pier and in due course have sufficient gasoline stored near his premises to re-fuel any planes which might land on the lake. The whole matter was referred to the Board's aviation committee to act upon.

Coleman Sports' Association will have its election of officers at its semi-annual meeting on Oct. 24. The two present Board members, Messrs. Nicholas and Toppo, were re-elected to represent the Board of Trade on the executive.

The Alberta Board of Trade and Agriculture seeks through its membership to have its name changed to Alberta Chamber of Commerce and Agriculture in order to make it more helpful to American tourists particularly which seeks its aid. The local Board gave its sanction to the change of name.

Coleman Board of Trade went on record to become affiliated with the parent body, the Canadian Chamber of Commerce.

Rodeo secretary J. A. Park read a financial statement on the Rodeo finances, Aug. 3. There are still a few outstanding accounts which he has yet to receive in addition to approximately \$80 still to be collected from the sale of surplus pop to some local merchants. His statement revealed that a pro-

fit of approximately \$2300 could be expected from the day's activities.

40% of this year's profit plus the monies held back from last year's Rodeo were authorized to be paid over to the Civic Centre committee and will total between \$1300 to \$1400.

Following the report of the Rodeo L. S. Richards, Rodeo chairman during the past three years, asked for a year's leave of absence from his arduous duties of this position stating that pressure of business made it impossible to carry out his Rodeo duties in the efficient manner that was necessary. Despite the pleas of various members that he remain as chairman he refused to budge from his stand and as a result Jim Wilkie, able vice-chairman during the past three years, was appointed as chairman. Mr. Wilkie is thoroughly conversant with all the administration duties of the Rodeo and will no doubt assume his new duties in stride.

A hearty vote of thanks was given the executive members of the Rodeo.

The Board also authorized the sending of a letter of thanks to the Coleman Pipe Band along with a cheque to help the band finances.

Chairman Dickieson, aided by Harry Boulton, gave an most interesting report on the recently concluded southern Trans-Canada caravan's convention at Nelson. Souvenirs in the form of a bag of Raymond sugar, a zinc cigarette tray from Trail, maps and pamphlets were sent along the tables to be examined by the members. Even the CPR had issued a colored pamphlet in support of the southern Trans-Canada route.

Mr. Dickieson put particular emphasis on John Blackmore's address as it was, while a Federal member, nevertheless represented Alberta. Mr. Blackmore stated that by 1950 Alberta would have a modern highway run through the southern part of the province, border to border. Mr. Blackmore also stated that the highway from Pincher to Crows Nest would be re-graded in 1949 and black-topped in 1950.

FOUND \$14 IN SHOW

On Monday evening Mr. John Owen, accompanied by Mrs. Owen, attended the show at the Roxy theatre. While sitting down his eyes happened to rest on the floor where he spied some "folding stuff". Upon picking it up he found a ten spot plus four ones. He reported his find to Theatre manager Ed Somshor. A short time later Mrs. E. Lonsbury reported her loss and since Mr. Owen was anxious to return the money to its rightful owner Mrs. Lonsbury had her money restored to her.

at 1 p.m.
Classes open to both Ladies and Gentlemen.
Lectures Free.

Standards Of Health

IT IS ENCOURAGING TO LEARN of the progress which has been made by medical science in conquering disease and prolonging life. While we hear a great deal about this battle against disease, concrete facts concerning the results which are achieved are not always so well known. Recent statistics published in Canada, show that the average life span here has been increased since the beginning of the century from 44 years to 66 years. In the United States, life expectancy is at present 67 years, almost a year more than the figure for 1945, and nearly two years longer than in 1939. One of the reasons for the rise in the average life span in both countries is believed to be the decrease in infant and maternal mortality rates which have taken place during the past few years.

Still Take High Toll

While the normal life expectancy has been lengthened considerably, there are still a number of diseases which take a high toll of people in later life and there is still much to be done to improve present standards of health. In a recent article on this subject, published by the Royal Bank of Canada, it was pointed out that there should be no complacency over our present records, but that unremitting efforts should be made to further decrease mortality rates and lengthen the number of years which the average person may expect to live. It suggests that what is now needed is a general realization of "the possibilities of healthful living rather than complacency over reduction of death rates," and that the schools are the best places in which to introduce programmes of healthful living to our people.

Much Is Done In Schools

A survey commenced in 1945 by the Canadian Education Association and the Canadian Public Health Association resulted in the conclusion that greater interest should be shown by the school and the community in the physical welfare of the school children as well as in their mental and emotional problems. It is now agreed that good physical health is necessary to a child if he is to progress satisfactorily at school and it is apparent that attention to the health of our children will undoubtedly have far reaching results in laying the foundations for a generation of healthier and more mentally alert adults. In recent years more interest has been taken by the schools in the welfare of the pupils in matters of nutrition, dental care, mental and emotional problems and physical defects. While there are a great many other aspects to the question of improving national health standards, it is apparent that the school is one place in which much can be accomplished in building healthier communities and eventually further reducing mortality rates and increasing the average life span of the people.

HONEY CROP

The Canadian honey crop in 1948 is currently estimated by the Dominion Bureau of Statistics at 45,938,000 pounds or 14.5 per cent. more than was harvested in 1947. This is a preliminary figure as the crop was not all harvested at the time the estimate was made. A revised estimate will be released in December.

MORE AND CHEAPER FRUIT
TORONTO. — Consumers can expect more fruits and vegetables at generally lower prices this winter. Hymen Ryerson of the Fruit, president of the Canadian Fruit Wholesalers' association said.

Journey of Magellan's ships around the world took 1,093 days.

Relieves Child's Cold As He Sleeps

Penetrates deep into bronchial tubes with special soothing medicinal vapors. Stimulates chest and back, from like a warming, comforting poultice.

This effective special penetrating-stimulating action works for hours during the night to relieve distress of colds while your little one sleeps. Results are so good often by morning most misery of the cold is relieved. Try VICKS VapoRub tonight!

DOES INDIGESTION WALLOP YOU BELOW THE BELT?

Help Your Forgotten "28" For The Kind Of Relief That Helps Make You Rarin' To Go. More than half of your digestion is done below the belt—in your 28 feet of bowels. So when indigestion strikes, try something that helps digestion in the stomach AND below the belt. What you may need is Carter's Little Liver Pills to give needed help to that "forgotten 28 feet" of bowels. Take one Carter's Little Liver Pill before and one after meals. Take them around your bowels. They help wake up a larger flow of the 1 1/2 quarts of digestive juices that your 28 feet of bowels need to digest what you have eaten. And bowels—help you digest what you have eaten. Then most folks get the kind of relief that makes you feel better from your head to your toes. Just lie down and get the genuine Carter's Little Liver Pills from your druggist—30c.

How To Get Quick Relief From Sore, Painful Piles

I can help most pile sufferers. I believe I can help you too if you want relief from the itching, soreness and burning pain of piles. My Hem-Roid treatment is different. Hem-Roid is an internal medicine—a small tablet taken once a day. It corrects the conditions INSIDE your body that cause you such intense pile soreness and pain. But I'll be honest with you. Hem-Roid cannot help some pile sufferers more than others so I want to protect those who are not satisfied. I refuse to ask people to pay for something that does not help them as much as they expect it to. If Hem-Roid helps you, surely it is worth the small cost. Otherwise I want you to have your money back. I'll take your word. I find people are honest about such things.

All I ask you use Hem-Roid as directed for 10 days. Then if you are not satisfied return what you did not use and get your money back. This is an unusual offer but Hem-Roid is an unusual medicine. It has been sold on a refund promise for over 40 years. I am not asked to make many refunds so it must help most folks who use it. At all drug stores.

SASKATCHEWAN LOW

Fire Losses In Canada Show Increase

Although five of Canada's nine provinces showed lower per capita fire losses in 1947 than in 1946, the Dominion as a whole recorded an increase from \$4.01 to \$4.53 per capita.

The four provinces where increases occurred were British Columbia from \$3.31 to \$8.01, Manitoba from \$2.62 to \$3.18, Nova Scotia from \$4.11 to \$5.46, Ontario from \$3.96 to \$4.53. The number of fires generally was lower than in the previous year, but a substantial proportion of the large monetary loss was due to the increased number of large fires where the loss exceeded \$50,000.

These large fires numbered 155 with an aggregate financial loss of over \$20.2 millions. In 1946 there were 138 such fires with a total loss of \$18 millions.

Lowest per capita loss as usual was shown by Saskatchewan at \$1.76.

Second to Saskatchewan came Alberta with a per capita loss of \$2.59, conditions in Alberta being somewhat similar to those in Saskatchewan, although Alberta is more highly industrialized.

Highest per capita loss was shown by British Columbia at \$8.01, against \$3.41 in 1946. Total losses in British Columbia at over \$8.3 millions were swollen substantially by a number of large fires, one at Port Alberni amounting to \$2.1 millions, another in Yale County to \$300,000 and one in Victoria County of \$272,000. In addition there were a number of other fires with losses of over \$100,000.

Western Briefs

DUNCAN, B.C.—Salmon are getting finicky about their bait at Cowichan Bay. While two men were fishing here a healthy specimen leaped up, nipped one of them in the back, and fell back into the water.

CANORA, Sask.—Officials of the Saskatchewan Co-operative creamery have announced a \$70,000 building will go under construction shortly to replace one gutted by fire in August.

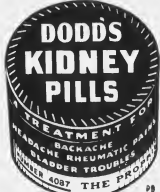

CALGARY.—A grant of \$828,000 toward construction of a new Calgary general hospital has been approved by the Alberta government, Mayor J. C. Watson announced.

WINNIPEG.—A 14-year-old St. Vital boy was credited with saving two homes from a brush fire. Armed only with a wet bran sack and a water pail, David Brown succeeded in containing the blaze after a 1 1/2-hour battle. One of the homes he saved was his own. Firemen arrived to find David had the flames under control.

HIGH RIVER, Alta.—Saskatoons or June berries, generally found in June or early July, turned up near this southern Alberta town three months late. A group of berry-pickers found a well-laden patch of Saskatoons and returned with 20 gallons of fruit.

SASKATOON.—A 10-acre field of Montclair barley grown by W. E. Myers, Nipawana district farmer, yielded 900 bushels, or an average of 90 bushels to the acre, it was reported. It was grown from registered seed on a half-section farm about two miles north of the new River view seed plant. It is believed to be a record for this district.

The circulation of the blood was discovered by Harvey in 1828.

THE TILLERS

FIELD MARSHAL VISCOUNT MONTGOMERY, hero of El Alamein, has been made supreme commander of western union defence forces. Government sources said the choice was made by the defence ministers of the five countries, namely, Britain, France, The Netherlands, Luxembourg and Belgium at a recent meeting in Paris.—S.N.S. photo.

Machinery Gears Made From Paper

CALGARY. — Plastics and paper combined have resulted in the production of "numerable" paper products, ranging from beer cartons to machine gears, W. F. Gillespie, president of the Pulp and Paper Association of America said here.

When combined with plastics, paper can be used to make gears for quiet-running machinery, and boxes which can carry anything from refrigerators to bed springs.

Eskimos In Arctic Not So Primitive

HALIFAX.—Canadian navy men, just back from a Hudson Bay cruise, tell this one about their visit to a tiny Arctic settlement.

An Eskimo in a kayak paddled out to meet the destroyers Haida and Nootka. A sailor tossed him a pack of cigarettes, thinking he would probably eat them.

The Eskimo fooled the tars. Not only did he know what to do with the cigarettes—he pulled out a lighter to start one.

Prevention Of Future Floods To Be Costly

WINNIPEG.—Prevention of future floods along low-lying areas surrounding the Red River—which sweeps up through the Dakotas to its Lake Winnipeg basin in mid-central Manitoba—will cost approximately \$17,000,000.

City Engineer W. D. Hurst made this report following an extended survey of the river in company with engineers from the Provincial, Dominion and United States governments.

The survey was prompted by flood conditions last spring, when millions of dollars worth of damage was caused when the river went on its wild-estate rampage within the memory of old-timers.

Approximately \$1,500,000 already has been spent on flood control work by the United States Government in the valley, another \$3,300,000 now is being utilized and authorization has been granted for another \$12,250,000 worth of work.

GIANT SWEET PEAS

EDMONTON.—Sweet peas seven feet high have been grown by S. Grimshaw in Edmonton's east end. The flowers won four prizes in a local Horticultural Society show.

Champion Boar Sells For \$235

SASKATOON.—The grand champion boar owned by St. Peter's College, Münster, Sask., sold for the top price of \$235 at the first annual registry swine show and sale at the Saskatoon Exhibition grounds. Purchaser was the provincial jail at Prince Albert.

Second highest price of the day was paid by R. A. Wright of Carleton Place, for a litter mate of the champion.

Government Wants Reindeer Men

BERLIN.—The Canadian government has asked United States officials to have a look around displaced persons camps in their zone of Germany for a "few suitable, qualified men" as instructors to Canadian northwest Indians who are anxious to learn the art of reindeer herding.

ARE YOU DISCOURAGED

because you suffer distress from 'periodic' FEMALE COMPLAINTS

which makes you NERVOUS HIGH-STRUNG on such days?

Are you troubled by distress of female functional monthly disturbances which makes you suffer, feel so nervous, cranky, restless, weak—at such times? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! In a recent test it proved helpful to women troubled this way. Why don't you get smart and try it yourself? Pinkham's Compound is what is known as a uterine sedative. It has a soothing effect on one of woman's most important organs.

NOTES AND COMMENTS

Saving Plays It Safe

A familiar October activity is brewing once again and we are now hearing and reading a lot about Canada Savings Bonds. The government has announced its plans to issue a third series of this popular savings instrument, keynoting its campaign with the slogan: "Play Safe—Save Now."

Saving money is one activity which contradicts the old adage about anticipation being better than realization. A good many of us have found in the past that, while investing in bonds didn't sound like the most exciting pastime in the world at the beginning, there was quite a kick a few months later in the realization that our little nest egg had grown to interesting proportions. The most reluctant of us had to be practically dragged into buying bonds as a patriotic gesture seven or eight years ago but now it would seem that most of us are very glad we were. Because now we have the savings habit and it is not nearly as hard to keep that habit going as it was to acquire it in the first place.

The world will probably keep spinning on its axis whether we save money or whether we don't. But it doesn't require a chartered accountant to tell us that we are playing it safe when we save our money, particularly in these days of high prices. A good thing to remember is that, as the margin of money available for saving decreases, the need for saving increases.

Canada Savings Bonds have been issued as a convenient means of establishing that safety margin. Plan to save the Canada Savings Bond way.

Night Classes

Winter will soon be with us and curling and hockey will be in full swing. However many of our citizens, while enjoying witnessing these sports, do not take an active part.

What then is left to absorb their interest and energy? Outside of sport we have left the theatre, the hotels and the pool rooms.

What about night classes in wood and leather work, domestic science, mining? In the school to-day we have an electric stove, refrigerator, cupboards, various types of saws all of which stand idle because there are insufficient funds to engage teachers in these branches of endeavor. The equipment in the schools could be put to work in the interests of the community with a little effort. All that is required is organization of the interested parties. It won't require too much money to finance the classes.

Young men have been encouraged during the past few years to study mining. Possibly some are having difficulty with mathematics and night classes could be the answer to their prayers as they seek to improve their training for responsible jobs in the future.

A real effort should be made to put both the equipment in the school to work in the interests of those ratepayers who would find interest and profit from it and every effort should be made to determine how many young men would care to attend mining classes and if sufficient get the classes started with qualified teachers who would derive pleasure in helping their fellowman climb the ladder of success.

Hospitalization

As the C. N. P. Municipal Hospital construction slowly progresses towards completion the attention of more and more ratepayers is being drawn to the subject of hospitalization.

Reading hospital statistics on a national scale recently it was with some surprise we learned that 28% of all hospital accounts are uncollectable. We asked an official of the Dept. of Health the reason for such a high percentage and this was his reply:

"The average individual never expects to be sick. He puts aside for the grocer, the butcher, the baker but never a cent for hospitalization. The result is that when sickness comes he immediately seeks the facilities and help which only a hospital possesses. Gone is the thought of whether or not he can pay for this hospitalization, the only thing that matters is to regain health. The hospital in turn has to admit this patient. Days and oft times weeks pass before the patient is ready for home. In the meantime the hospital bill is mounting. That in a nutshell is the reason why there is such a high per centage of uncollectable accounts."

The above is true. Few put money aside for hospitalization. A number take out sick and accident insurance. The Blue Cross plan, which has been approved by the province, seeks to aid both the patient and the hospital by enrolling thousands of citizens into its organization so that hospitalization can be within the reach of all in respect to being able to pay for hospital services rendered.

Health is too precious to be so callously ignored. The individual should recognize this fact and act for its protection.

There can be no relaxation of effort until tuberculosis has been completely and permanently eradicated—a goal that at present appears possible only through continuous application of discoveries and advances already attained. Consolidation of the gains made and progress of eventual eradication depend

on a ceaseless campaign of case-finding, rehabilitation and, most of all, health education—American Medical Journal.

Dr. Robert Koch, discoverer in 1882 of the tuberculosis germ, said that medical men should study not the number of deaths from T.B. but the spread of the disease among the living.

RECOGNITION GRANTED DISPLACED PERSONS UPON FULFILLMENT OF OBLIGATION

Almost 100 percent of the initial group of immigrants brought to Canada about a year ago under the Displaced Persons movement, have faithfully fulfilled their agreement with the Canadian Government to remain in the field of employment for which they were selected, for periods of 10 months to a year.

In recognition of fulfillment of their obligations, certificates are being issued to all Displaced Persons upon completion of their periods of agreed employment.

Possession of this certificate will leave the owner free to engage in any occupation he may wish. However, a large percentage of these workers have found conditions so much to their liking in the industries in which they have been employed that they have signified their intentions of continuing in the same lines of endeavor.

Any Displaced Person who does not receive his certificate within a short time of the completion of his undertaking, may write to the Deputy Minister, Department of Labour, Confederation Building, Ottawa, Ontario, giving information as to his present address and place of employment. If, on receipt of this information, it is established that he is entitled to a certificate, it will be mailed from the Deputy Minister's office.

In the case of all Displaced Persons whose address is known, certificates will be mailed direct upon confirmation from the employer that the period of employment has been completed. Co-operation between the field staff of the Department of Labour and local offices of the National Employment Service will be maintained in securing confirmation from employers.

Have You Been Trained in First Aid

How many young Coleman Miners hope in the near future to secure their mining papers, either third, second or mine manager's?

DO THEY KNOW that it is essential that they possess FIRST AID TRAINING in order to qualify for their papers?

Don't retard your progress to advance in the mining industry by overlooking First Aid Training.

FIRST AID CLASSES are scheduled to start SUNDAY, OCTOBER 17th....Make sure you are enrolled to take First Aid training this winter and for several winters to follow.

Model Bakery Bread Satisfies The Taste of The Most Discriminating

The Model Bakery in Coleman, engaged in the production of baked goods are gaining for themselves an enviable reputation for the high quality and standard of their products. The popularity of their bread, pastries and other baked goods is strongly and surely attested in the large and rapidly increasing patronage that this firm is enjoying. Bread from the Model Bakery meets and satisfies the taste of the most discriminating.

The Model Bakery is under the management of the proprietor, Mr. C. A. Heck, who took over the business in November 1947. Mr. Heck has over ten years experience in this business and is fully conversant with its every detail.

Success and happiness depends upon health, and health

depends upon the quality of food we eat. Good bread is essential to every man, woman and child. All the products of the Model Bakery are baked in a most wholesome manner, and nothing is used in the process but the very best of ingredients, and baked by means of scientific, clean sanitary equipment which is operated by skilled bakers. Their untiring efforts are being crowned with success by the production of this bread of unusual merit.

Today the responsibility of making good bread has been placed upon the baker. Recognizing this responsibility, the Model Bakery backed by its sincere efforts to make an even better bread, now gives the people bread that is second to none throughout this entire community.

The Churches

ST. PAUL'S UNITED CHURCH
Rev. R. Magowan, D.D., Pastor
11 a.m. "The Method of Christ's Teaching" (1)
12:15 noon Sunday school.
Promotion day.
7:30 p.m. "A Model Church".
Beginning Sunday next the Pastor will preach the following

series of Sunday morning sermons on "The Master's Influence"

- (1) The method of His teaching.
- (2) How He worked.
- (3) What He taught.
- (4) How He lived.
- (5) How He overcame evil.

ST. ALBAN'S CHURCH
Coleman, Alberta
Rev. A.S. Dewdney, M.A., B.D.
21st Sunday after Trinity

9 a.m. Holy Communion.
11 a.m. Matins and sermon.
2 p.m. Sunday school.

Members of St. Alban's congregation enjoyed a very pleasant social hour together in the Parish hall after Evensong last Sunday, attended by nearly fifty persons. A short musical program opened the hour. Mrs. J. Kostelnik sang the sacred anthem "The Holy City" in a very pleasing manner. Mrs. Steve Penney accompanied her on the piano. Lenore Dutt then gave an accomplished performance of "In a Monastery Garden". Virginia and Fay Thergien gave a simple, humorous little piano duet, "The Frog". Mrs. Dewdney then spoke and gave an account of the country and people at Ft. McPherson, nearly a hundred miles north of the Arctic Circle and some of the work she had carried on there for ten years. After the talk John and Frances Graham gave a spirited and polished performance of the first Pleyel duet for two violins. They were accompanied by Mrs. F. R. Duncanson who kindly assisted for the occasion. After the program, those present inspected the photographs and Arctic clothing on display. Mr. Dewdney dressed himself in stroud boots, parka trimmed with wolverine, and fur gauntlets of wolfskin, to show what the northern costume was like. This costume is worn by natives and white people alike. He also recited the Lord's Prayer in the Loucheux Indian language.

St. Alban's Women's Association served refreshments which brought a very pleasant evening to a close. Mrs. W. Purvis and Mrs. Dewdney poured tea. The ladies are sponsoring these Sunday evening socials once a month to help foster the family life of the parish. The next social will be held on Nov. 14 when a showing of films will be held. Look for full announcements later.

THE SALVATION ARMY
Holiness meeting 11 a.m.
Sunday school 2:30 p.m.
Salvation meeting 7:30 p.m.
A mid-week meeting will be held each Thursday at 8 p.m.

Rebekah Lodge Host to Rebekah Assembly Official

At their regular meeting on Tuesday, Oct. 5, Victoria Rebekah Lodge No. 7 had the pleasure and honor of welcoming Sister E. Graham, of Calgary, vice-president of the Rebekah Assembly on her official visit. Sister E. Shields, of Coleman, District Deputy President of District 16, Sister E. Padgett, of Bellevue, Past President of the Rebekah Assembly and many visiting Sisters from Bellevue and Blairmore were present. Corsages were presented to the visiting officials following an address of welcome made by Noble Grand Sister C. Lonsbury.

One candidate for membership was initiated and after the ceremony of receiving the degree Sister Bouthillier was also presented with flowers and welcomed by the lodge.

Both vice-president Sister E. Graham and Past President Sister E. Padgett expressed their pleasure at the progress made by Victoria Rebekah Lodge and extended wishes for continued success.

A grand supper was served during the social hour at the close of the business session.

The Vice-President was presented with a gift of remembrance on behalf of the officers and members.

On Wednesday afternoon Noble Grand Sister C. Lonsbury held "Open House" in honor of Vice-President Sister Graham who was her guest while in Coleman.

JUST HUMMING WITH ACTIVITY

for men with some time to spare . . .

It's a centre of activity—your local armory, just humming with activity for men with a few evenings to spare.

In the wide list of activities offered by the Canadian Army Reserve Force, you'll find things to turn those odd free evenings into interesting and even exciting ones. You'll enjoy the full programme of social and sports events. You'll be "one of the gang"—with other Reserve Force men who are finding that the armory is their personal "clubhouse".

All the latest equipment and weapons are now being used for Reserve Force training. The summer camp sessions give you the opportunity to get away and out into the open. To top it all, you will receive full Active Force pay for all time spent in training and camp.

"SEE FOR YOURSELF" by visiting your local Reserve Force unit's open house, parades or demonstrations during Army Week, 20-26 September.

Call at the armory of the regiment of your choice. NOW!

THERE'S A CAREER
for you in the Canadian
Army Active Force—a
funny for every opportunity
and lifetime pension on
completion of service. En-
quire at your local armory.

Join the Reserve Force now!

LOCAL NEWS

The Journal acknowledges with thanks renewal subscription received from R. F. Barnes, of Duncan, B.C.

Mr. and Mrs. Art Wyman and family, of Fernie, were the Monday guests of Mr. and Mrs. Stuart Murdoch.

Mr. and Mrs. Dave Sterry, of Lethbridge, were the Thanksgiving holiday guests of Mr. and Mrs. Jack Nash.

Mr. and Mrs. S. C. Short returned home at the weekend after a vacation spent at various Canadian points.

Friends of Mr. Mack Stigler will regret to learn that he has been quite ill during the past week at his home on main street east.

Miss Bernita MacMahon, R.N. the former Mrs. H. Claxton, of New Westminster, was the recent guest of Mr. and Mrs. Louis Vasek.

Mr. and Mrs. Ken Blain and family, of Kimberley, were the holiday week-end guests of Mrs. Blain's parents, Mr. and Mrs. Jack Nash.

Mrs. M. Read, of Toronto, has been the guest of her brother and sister-in-law, Mr. and Mrs. J. M. Chalmers. She left Wednesday for her home.

Coleman Sports' Association will sponsor its semi-annual meeting on Sunday, Oct. 24, at which time election of officers to the executive will take place.

Mrs. Hedley Welton and children, of Nelson, and Miss Belle Flynn, of Calgary, were the recent guests of their parents, Mr. and Mrs. Tom E. Flynn.

Mr. Frank Duncanson jr., of The Canadian Bank of Commerce staff at Milk River, was the holiday weekend guest of his parents, Mr. and Mrs. F. R. Duncanson.

Friends will be pleased to learn that H. T. Halliwell, of Macleod Gazette and formerly of The Journal, is showing much improvement in his condition following a heart attack early Sunday morning.

Mr. and Mrs. B. Michalski and family, of Lundbreck have moved into their new home on main street. Mr. Michalski has purchased the Star Shoe Shop and building on main street.

Mr. Doug. Moores, of Vancouver, was visiting friends here during the past week. He has since returned home and it is understood that he and his family will soon take up residence at Kamloops, B.C. which is the heart of his territory in his travels for Fairbanks Morse Ltd.

Mr. and Mrs. A. Dewar spent the holiday weekend at Cranbrook where they were the guests of their son-in-law and daughter, Mr. and Mrs. Donaldson. They accompanied Mr. Donaldson and his mother back to Coleman, the former two being enroute to Lethbridge. Mr. Donaldson returned to Cranbrook on Wednesday.

Businessmen are advised that Coleman Sports Association membership cards will be distributed throughout main street this week. In order to save delay in distribution merchants, who might be out of their premises when the canvassers call, are asked to give permission to a member of their staff to pay the membership fee.

CARD OF THANKS

I wish to express my grateful thanks to all my friends who attended the shower given in my behalf and who brought gifts. I also wish to thank those friends who sent their gifts when finding themselves unable to attend. I wish to particularly thank the hostesses Mrs. H. Civitarese, Mrs. Ed. Churlia, Mrs. Bruno Pyliarz, Mrs. O. Corney and the Misses Irene and Helen Hazuka, Helen Pachkowski, Mary Zur and Adel Churlia for their efforts in my behalf.
Eleanore Frowski.

HUSBANDS LOVE wives to serve extra-rich Maxwell House Coffee. It has extra flavor because its blend contains choice Latin-American coffees—carefully selected from the best the world produces.

3RD SERIES

THEATRE NOTES

POLICE CO-OPERATE
IN "MAISIE" PICTURE
ROXY SAT. AND MON.

To aid in combating the current crime wave in Los Angeles, M-G-M filmed "Undercover Maisie" with the full co-operation of the Los Angeles Police Department.

In this latest of the popular "Maisie" series, next attraction at the Roxy theatre, Ann Sothern, in the title role, becomes policewoman attached to the bunks squad. The story reveals how the confidence men work their games on servicemen in various educational and building rackets.

HUMOR OF OCCUPATION
LIFE TOLD IN "A
FOREIGN AFFAIR"

The laugh and love side of life in post-war Berlin where American occupation forces hold forth, is the subject of Paramount's comedy, "A Foreign Affair," from that witty produc-

er-director combination, Chas. Brackett and Billy Wilder. The film co-stars Jean Arthur, Marlene Dietrich and John Lund, and features the celebrated stage actor, Millard Mitchell.

Due to arrive Saturday at the Bellevue Theatre, "A Foreign Affair" tells the story of Miss Arthur's experiences in Berlin as one of a committee from Washington to investigate morale of American boys stationed there. She is prim, self-righteous and suspicious of the fraternizing with frauleins, a suspicion that is confirmed by gossip that an American officer is protecting glamorous, ex-Nazi singer Marlene Dietrich.

'NORTHWEST STAMPEDE'
FILM COLORFUL OUT-
DOOR SPECTACLE

A film that contains the beauty and grandeur of the Canadian Rockies, the thrills and excitement of a wild horse stampede, and the color and spectacle of the great outdoors, Eagle Lion's Cinecolor extra-

ganza, "Northwest Stampede," opens Saturday at the Orpheum Theatre.

Filmed on location in beautiful Banff National Park, near Calgary, Canada, the picture catches the wonderful color of the entire region. The thrill-packed stampede scenes were taken at the annual Calgary Stampede and Rodeo adding a superb touch of realism.

Modern Cafe New
Greyhound Bus
Depot

Will Be Open from 12 Noon to 2 a.m. Daily; To Open on Statutory Holidays To Service Travellers.

The Modern Cafe has been made the new Coleman Greyhound Bus depot according to the Calgary office of the Greyhound Bus Lines. The change-over from Jimmie's Coffee Shop To The Modern Coffee Shop was made on Wednesday, Oct. 6.

The Grand Union Hotel has co-operated in the transfer by making available its parking lot between the hotel and the cafe for the parking of the east and west bound busses.

Cafe proprietor Joe Lombardi stated that he will cater to the busses by opening each day at 12 noon and remaining open until 2 a.m. He will also open on statutory holidays in order to give service to bus travellers.

BILL NOTON
NOW A PATIENT
IN THE BELCHER

Friends of Bill Noton will be pleased to learn that his condition has so improved that he was transferred from Isolation hospital, where he had been a patient for the past six weeks, to the Belcher hospital. The move was scheduled to be made

either on Monday or Tuesday.

Bill has still to make use of the iron lung to aid his respiration following an attack of polio. He is now able to spend two hour periods out of the lung and is showing steady all round improvement.

Coleman Choral
Society Starts
Rehearsals

The Coleman Choral Society has started rehearsals for the winter season. Under the able direction of Mrs. D. M. Duncan, the choir has already held two very successful rehearsals. Over fifty members have signified their willingness to participate in the choir and indications are that the choir will be much larger than last season.

Music lovers will be interested to know that the choir plans to present a concert similar to the one last season, with a longer season in which to prepare and a larger membership, the choir will be in a position to give a better performance and finish in the program.

The following officers and executive have been elected to conduct the business of the organization; President, R. Johnson; vice-president, A. Phillips; secretary-treasurer, P. Meronik; librarian, Mrs. L. Brown; executive members, Mrs. R. Watson, Karl Johnson, J. Bayon, and Mrs. A. Phillips; conductor, Mrs. D. M. Duncan; accompanist, Miss Pat Frazer.

Mr. and Mrs. Matt
Kropinak Leave
Coleman

Have Purchased Thirteen
Acre Fruit Orchard at
Creston.

Mr. and Mrs. Matt Kropinak and family left Coleman yesterday to take up future residence at Creston where they have purchased a 13-acre fruit orchard.

Mr. Kropinak has owned and operated a shoe repair store here for a few years and last month sold it to Mr. Joe Mayerchak. Two weeks ago he travelled to Creston where he inspected a few orchards and purchased the orchard which he took his family to on Wednesday.

On the orchard are apple, pear, cherry trees in addition to numerous berry fruit. A 5-room modern home is also included in the purchase.

Their many Coleman friends join in wishing the young couple luck in their new venture.

GOOD RESPONSE
FOR ARENA WORK

In response to an appeal for volunteer workers at the arena last weekend a number of sports-minded citizens donned workclothes and went to work placing the paper on the built-up arena roof and covering with a liberal seal coat of tar. The wind of last week did a little damage but this was soon repaired.

billiards
takes Your Mind
off Your Worries

In fact, it takes your mind off everything but billiards. It gives you a thrill and brings you out of your shell. You need not be an expert to enjoy a game of billiards on our modern Brunswick equipment. Come in tonight and "play" with your friends.

Rialto Pool Room

OYEZ! OYEZ! Maxwell House Coffee is roasted evenly through and through by the remarkable "Radiant Roast" process to capture every atom of its extra-full body and rich, satisfying flavor.

National Employment Service
benefits THE WHOLE community

Regular employment and pay envelopes make for carefree families—for prosperous communities—for "good times" for employer and employee alike. The National Employment Service, with offices in more than 200 cities and towns across Canada, serves the needs of both employers and employees—and the local N. E. S. office takes its place in importance to the community among the time honoured community institutions—the Post Office, the Court House, the City Hall.

Without National Employment Service, the worker is left to his own initiative to find a job to support himself and his family. The employer may be unable to reach workers he requires. National Employment Service is the clearing house through which employer and employee are brought together, so that both may have their free choice of the entire employment market.

National Employment Service has
5 main functions:

- 1—Organization of the whole employment market, and bringing together employers and employees;
- 2—Collection of information on employment problems for the use of Government, Management and Labour;
- 3—Administration of Reinstatement in Civil Employment Act;
- 4—Dealing with Unemployment Insurance Benefits;
- 5—Dealing with Out-of-Work Benefits for Ex-Service Personnel.

Make full use of the Local Office of National Employment Service. It is there to serve your needs, and those of the entire Community.

Hallowe'en is Shell-out Time
and Everybody Loves the
PURITY

Hallowe'en is coming round again
When your doorbell rings, be ready
with this grand Purity Pumpkin pie
... made with Purity Flour ... of
course! Here's a melt-in-your-mouth
pastry recipe.

PURITY PASTRY (enough for 2 pie shells)
Sift together 1 1/2 cups Purity Flour and 1/2 teaspoon salt. Cut in 1/2 cup shortening until mixture has two knives, until it looks like very coarse meal. Add 3 table-
spoons of water gradually, mixing
enough to hold mixture together.
Roll out on a lightly floured board. Roll with a light
quick motion to 1/4 inch thickness.
Press dough lightly into pie plates
so that no air bubbles are trapped,
and trim off the edge.

FILLING (1 pie)
Beat 2 eggs until white and
yolks are well blended. Gradually
beat in 1/2 cup white sugar, and add
1 teaspoon cinnamon, 1/4 teaspoon
ginger, 1/4 teaspoon nutmeg, 1/4
teaspoon cloves, and a few grains of
salt. Stir in 1/2 cup hot milk. Pour
into pie plate lined with pastry and
bake in hot oven (450° F.) for first
ten minutes, then reduce temperature
to moderate (350° F.) and
bake for 20-25 minutes, or until
slaking in firm. Cool and serve with
whipped cream or decorate with
pastry lace. Filling recipe may be
doubled, if you wish 2 pumpkin
pies.

Remember, Purity Flour, specially
milled from finest hard wheat—is
best for all your baking.

Mutual Life Company Passed The Billion Dollar Mark

Waterloo, Ont. Oct. 5: Louis L. Lang, President of The Mutual Life of Canada, announced today that Company life insurance in force has now passed the billion dollar mark. Almost the entire amount, 98%, is on the lives of residents of Canada and Newfoundland. The Company, now in its 79th year, has closed each year of business since established in 1896 with an increase in insurance in force.

The increased popularity of life insurance as a form of economic security in Canada is revealed by the fact that life insurance in this country now stands at \$865 per capita, as compared with \$164 at the beginning of the first World War, while the population has increased only 50%. In that period The Mutual Life of Canada insurance in force has increased tenfold.

Benefits paid to policyholders of The Mutual Life of Canada in dividends since its founding 79 years ago—\$109,700,000—have almost equalled the payments in death and disability claims—\$115,200,000—and total payments to policyholders and beneficiaries have amounted to \$369,100,000.

The strength of the Company is revealed in its assets, now exceeding \$319,800,000, 75% of which are comprised of Dominion of Canada, other government, provincial and municipal, public utility and industrial bonds. Through its mortgage investments the Company is making funds available to Canadians to assist in the construction of new residences and is co-operating with the government in relieving the acute housing situation.

MISCELLANEOUS SHOWER

A miscellaneous shower was held on Wednesday, Oct. 6, in the I.O.O.F. hall in honor of Miss Eleanor Prowski, bride-elect. Hostesses included Mrs. E. Churla, Miss A. Churla, Mrs. H.

Civitarese, Mrs. O. Cernie, Mrs. B. Pytlarz, Miss Mary Zur, Miss Helen Pachkowski and the Misses Helen and Irene Hazuka.

Whist was played winners being Mrs. J. Malanchuk, Mrs. V. Krzywy and Mrs. J. Miknovich. Mrs. S. Pyplatz won the door

prize. Following the serving of a delicious lunch by the hostesses the honored guest was presented with numerous useful and beautiful gifts for which she ably expressed her thanks.

Advertising acts as a tonic to the head of business enterprise—

Trapshooters from all parts of Alberta will converge on Calgary September 29 and 30 and October 1 to take part in three days of action packed competition in the Calgary Gun Club's Southern Alberta Merchandise Shoot. The highlight of the tournament will be the Calgary Herald Trapshooting Championship with the Herald Rose Bowl at stake. Gun Club officials have announced that the prize list totals more than \$1,200 in the 17 events listed for the largest shoot being staged in the province this year.

The Herald Rose Bowl event will be open to residents of Southern Alberta only with Red Deer being the northern boundary and the international border being the southern. Besides The Herald trophy there will be the Common-

wealth Petroleum trophy for skeet open to any resident of the province and awards in the Sliding Handicap, the Distance Handicap and a special award for the women competitors. Entries should be mailed to the Calgary Gun Club, 708 Centre Street, prior to the start of the tournament. The shoot will take place at the club ranges, 17th Ave. and 33rd Street W.

The Mutual Life Assurance Company of Canada

ESTABLISHED 1869

HOME OFFICE
WATERLOO, ONT.

October 1, 1948.

OFFICE OF THE
PRESIDENT

To our Policyholders:

On September 28, the volume of insurance in force in our Company passed the billion dollar mark. This outstanding achievement is highly significant in that 98% of this insurance is on the lives of people in Canada and Newfoundland—for this is a Canadian company operated for Canadians.

It is a notable milestone in the progress of our Company—a long stride forward since those days over 78 years ago, when the founders had to sell five hundred policies before they could secure Government permission to operate a mutual life insurance company.

But, it means more than this.

It is proof of the public's ever-growing consciousness of the advantages of mutual life insurance.

It is proof that Mutual Life of Canada policies fit the needs of Canadians in all walks of life.

It is proof of intelligent and sympathetic service by the Company's representatives.

It is proof that this Company has won a leading place in the confidence of the Canadian public.

The policyholders are to be congratulated on this achievement which has been due largely to the confidence they have shown in the Company by recommending it to their friends and by keeping their own insurance in force through the years.

Louis L. Lang

President.

the presentation of awards
and announced that the Geo.
Kellock Memorial shield had
been won by J. L. Sikora with
105 points out of a possible
120.

Following are the awards:
Certificates: J. L. Sikora, J.
J. Sikora, M. Girhiny, Robt.
Lathwaite, E. Allen, V. Krz-
ywy, M. Kolidas, A. W. Valin,
J. Storm, J. Groszko and W.
Van Blairicom.

Vouchers: W. D. Fraser.
Medallions: H. Scaba, S.
Vasek, John Sikora jr.

Labels: S. Wavrecan, E.
X. Hill, R. M. Greenhalgh, E.
Hill, H. Parkinson, A. McCul-
loch, G. Clarke, H. Turner, M.
Kubica, J. M. Rushton and
Miss A. Yuill.

The following received their
Ten Years' certificates: E. X.
Hill, R. M. Greenhalgh, A.
McCulloch, G. Clarke, E. Hill,
J. M. Rushton, H. Turner, M.
Kubica and J. Goulding.

The following received their
Twenty Years' certificate: E.
X. Hill and E. Hill.

A special Priory Vote of
Thanks was presented to Mr.
E. X. Hill for the valuable
work he has done for St. John
Ambulance Association.

Royal Purple Installs New Officers

Ange Wilson Honored Royal
Lady; Elks Present Ladies
With Official Paraphernalia

Coleman lodge No. 96, O. O.
R. P. held its annual instal-
lation of officers on Tuesday,
Oct. 12. District Deputy Nora
Goulding was installing Of-
ficer assisted by Lady Katherine
Raymond and Lady Ann
Topak as secretary pro tem.

Following are the new offi-
cers:

H. Royal Lady Ange Wilson

OUR COMPLETE SHORT STORY—

THE SPECIAL ROOM

By BASCOM BIGGERS III

NORMA smiled secretly at the gift she had gotten Sam for their twenty-fifth wedding anniversary. Then she put it away and went back to the kitchen to finish lunch. Twenty-fifth anniversary next week. Silver anniversary. It was a long time to be together. There was only one thing she needed to make it complete. Maybe Sam would have the answer when he came in from the postoffice for lunch.

She turned the radio up a little. She guessed if she lived to be a hundred she would never get accustomed to the silence after having known the hustle and bustle of two boys. It was two years now since Harold, the oldest, had married. Bobby had naturally been first. In spite of the two years, she still imagined now and then that she could hear them bustling around in their rooms.

It seemed a little odd that they both had to marry out-of-town girls. She had hoped that at least one of them would settle in Anderson. But when they hadn't, she had taken it gracefully. It was natural for girls to want to live near their parents. Like the old saying, when a son marries, the mother loses him, but when the daughter marries, the mother gains a son.

She heard the front screen slam and in a minute Sam grabbed her from the back, holding her arms to her side and burying a kiss in her greying hair.

"Guess what came today," he said. "You got a letter from one of the boys?" she said excitedly. He released her and went to the refrigerator, taking out the pitcher and nonchalantly pouring himself a glass of water. There was a mischievous twinkle in his blue eyes.

"Whatever made you think that?" he said.

"Sam, you stop teasing me. now. It was a letter from one of the boys."

"Nope," he said, sitting down on the kitchen stool and rubbing the back of his thin neck. "You're wrong. It wasn't a letter from one of the boys."

"Oh," she said flatly. "It was a letter from each of the boys," he laughed.

WHY ARE MANY WOMEN NERVOUS . . . without reason?

When women are disturbed by moods at night . . . become so fidgety they prepare for talking to strangers . . . worry needlessly—these symptoms often herald a time when they need special building up. But actually there's little to dread or fear! For plenty of sleep, fresh air, wholesome food and Dr. Chase's Nerve Food will help to build up vitality and tone up the system—so you can keep serene through the most trying periods of life. Yes, Dr. Chase's Nerve Food has helped thousands of women to face the future with confidence. So if you're feeling nervous, fidgety or run-down—if you don't rest well at night, and often feel moody or irritable—take Dr. Chase's Nerve Food for a while. Keep yourself in good condition—try this time-proven tonic and it has helped so many. The name "Dr. Chase" is your assurance.

Quick Thrifty Delicious Beef Upside Down Pie

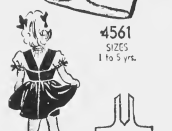

1½ cups flour
1 tsp. salt
1 cup, celery salt
1½ tsp. white pepper
5 lbs. shortening

2 cup milk, or half milk and half water
1 cup, celery salt
1 can condensed tomato soup
1½ lb. ground raw beef

3 tsp. Magic Baking Powder

Mix together flour, baking powder, ½ tsp. salt, celery salt and pepper; add 3 tablespoons shortening, mix in thoroughly with fork. Add milk and stir until blended. Mix remaining two tablespoons shortening in 9" frying pan, and cook onions until soft. Add remaining ingredients, maintaining ½ teaspoon salt and ground meat; bring to boil. Spread baking powder mixture on top of meat mixture and bake at 475°F. for about 20 minutes. Turn out upside down on large plate. Serves 6.

Secret The Outside World Did Not Share.

She was remembering the terrible time they had when Bobby got it into his head that Harold was the favorite because he was older and had been first. It had started when Harold took a trip with Sam and Bobby wasn't well enough to go.

She had talked to Bobby at great length about it, and they had shed many tears over it. She tried to explain, and it wasn't easy to do with a thirteen-year-old, that parents could love their children in different ways without loving one more than the other. She tried to show him how it was like with friends, you loved them for different reasons, but that didn't make you love one less than the other. If she had twenty sons, she told him, she would love the last just as much as the first.

But she had never been certain that he understood. And from that day to this there was always just a portion of fear in the back of her mind that made her measure what she did for one son against what she did for the other. No, she couldn't risk it with the special guest room. "We could just not use it at all," said Sam.

"No," said Norma, "that would look suspicious." And then a smile blessed her face and she knew happily what they would do.

"Sam, we won't be the most special people in the house, but the special occasion will be for us. You and I will stay in the special guest room. We never have. It will be our anniversary gift from the house."

"Of course," said Sam, getting up and hugging her. "Norma, you're a genius. The boys will love it. And so will I. After twenty-five beautiful years together, a man and his wife deserve a special room together."

Norma smiled happily, thinking that any room with Sam was a special room.

Love For Farm Cow Kills Wild Moose

BARRIE, Ont. — A wild bull moose died from inflammation of the lungs — love-sick for a red cow in a farmer's backyard.

His sickness was brought on by struggles with men who wanted to take him away from the farmyard and back to his natural habitat.

The 1,200-pound moose wandered out of the bush and struck up a friendship with the red cow on Lawrence Olmstead's farm near Port Severn, Ont., 30 miles north of here on Georgian Bay.

Lands Department officials decided it was dangerous to let the animal in a settled area with the mating season approaching. They lassoed and trucked him away to a provincial park.

But the park pens weren't strong enough to hold him, so he was taken to a barn on another nearby farm where he died.

Sap in a tree may freeze and crack the wood.

THERMOGENE MEDICATED RUB

Arctic Baby Bonus . . . How Best To Spend It

It has been somewhat difficult providing the Eskimos with health instructions, and a visit by the nurse, as depicted above, is an altogether too infrequent occurrence. When the Family Allowance posters find their way into the igloos of the Arctic, health information and facts on disease prevention will help to relieve much suffering.

(Written Specially for this Newspaper by Central Press Canadian)

To catch the eye of Eskimo mothers, a unique poster printed in Eskimo syllabics and telling how best to spend family allowance money in the land of ice and snow, is now being distributed throughout the Canadian Arctic regions.

Issued by the department of national health and welfare, this poster, first of its kind in the world, gives evidence of the far-reaching humanitarian benefits of Canada's social security program. For not only does the Canadian government give every mother in Canada, rich or poor, a monthly cheque to help buy food and clothing for her children, but the government also provides mothers with information on how best to spend their allowances.

It is easy to provide the English and French-speaking mothers of the more populated areas with health education along with their cheques. But it has been quite a problem to find a way of reaching into the igloos of the Arctic with facts on food, sanitation, disease prevention and other health information.

With the sailing of the little ship Regina Polaris from Montreal to the Arctic via Hudson Strait, this problem has been overcome. For, aboard this ship which makes an annual trip to the Arctic with supplies, is one very important parcel this time. It contains 100 family allowance posters. These will be hung up in the trading posts throughout the Arctic as the supply ship makes her rounds of the north.

With its dramatic photo of an Eskimo mother and her papoose, the big card tells Canadian Eskimos the items they may purchase with their family allowance money. Translated from the Eskimo tongue, the items listed on this history-making poster appear as:

Dried or evaporated milk; baby cereal; flour, Canada approved vitamin B only; rolled oats, oatmeal, seal biscuits; sugar, corn syrup molasses, marmalade, jam; fresh or powdered eggs; peanut butter, cheese, canned or fresh meat; fresh or dried fruit, fruit juices, canned tomatoes; green or dehydrated vegetables, rice, beans, salt, baking powder.

Other items listed for the Eskimos

Landlord Carried Out Eviction Thoroughly

ST. BONIFACE, Man.—Never underestimate the power of an eviction order.

Mrs. Albert Johnson discovered that. She left home to visit friends, locking the door behind her, after earlier having received an order to vacate the premises.

When she returned her furnishings were on the street and the house had disappeared.

During her absence contents of the home had been removed, the building put on wheels and moved to a new locality by the landlord.

PLEASED CHILDREN

When weather spoiled attendance at a fete in Bristol, England, recently, a caterer had 8,000 cakes and cream tarts left. He told assistants to give them to children who might like them. They were gone in five minutes.

Clothing items which the Canadian Eskimos may purchase with their family allowance money are listed on the history-making poster. The mother of this little youngster made sure that he would not catch a chill, as he carefully takes his very first steps.

KICKING OFF—Getting off a lucky kick to open the football game in Winnipeg recently between the Blue Bombers and Regina Roughriders is Viscount Alexander who also won an argument. Photographers wanted him to kick the other way, into the sun, but against the wind. The viscount took the wind, and booted a fine 35-yard kick.—S.N.S. photo.

HEAVY TRANSPORT DEMOLISHES RECENTLY VACATED BEDROOM—Recently Genda Benn, of Toronto, shown here with brother Ellie, moved out of her front bedroom to a bedroom in the back of the house. Shortly after changing her sleeping quarters, a transport smashed into home and demolished bedroom. A heavily-loaded transport hit Benn home

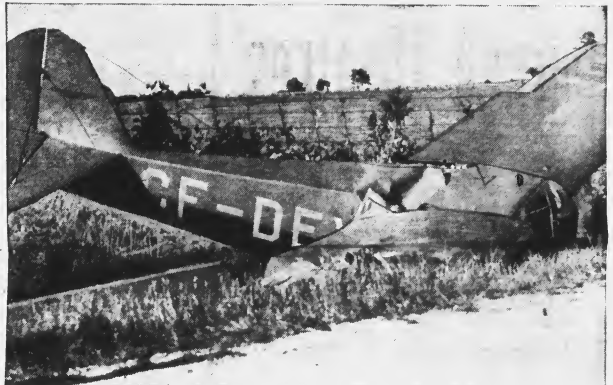

and general store which is located on edge of highway. Front bedroom took force of impact as vehicle piled into structure. Wreckage shown was extensive as walls toppled. The driver was knocked out but soon recovered. Benn family said the crash felt as if an earthquake had hit their home.—S.N.S. photo.

CHILDISH WONDER—Rubber ball suspended in mid-air by air-flow from vacuum cleaner is object of childish wonder to Billy McCracken, Kingston, Ont.—S.N.S. photo.

RETURNS TO JAPAN IN DIFFERENT ROLE—Doo-little raider who spent 40 months in Jap prison camps, Jacob DeShazer is taking wife and son to Japan to become missionary.—S.N.S. photo.

DIP WINGS IN SALUTE, PILOT AND FRIEND DIE IN PLANE CRASH—"Fuzzing" his friend's house at Tillsonburg, Ont., Beverly Harrington, of Woodstock, Ont., pilot, and Stephen Brady, of Ingersoll, were killed when their light plane, shown here, hit a tree and crashed into ditch. Friend came out of house to see the aircraft and Harrington "dipped wings" in a salute.—S.N.S. photo.

SIR STAFFORD CRIPPS—Photo taken of Sir Stafford Cripps, England's Chancellor of the Exchequer, during his visit to Canada. Sir Stafford reported Britain was experiencing a splendid recovery, but there would not be any let-up on the austerity living.—S.N.S. photo.

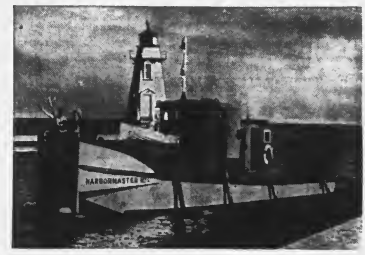

THE BIG SPREAD, PRODUCER TO CONSUMER—Egg grading plants pay farmers 36 cents a dozen for eggs, sell them to wholesalers for 40 cents. Retailers pay 45 or 46 cents, consumers like Mrs. Lynna Gardner, shown here, pay up to 64 cents. That makes the price spread from-producer to consumer 28 cents at current Ontario prices.—S.N.S. photo.

LIE DETECTOR HAS NEW USE—The lie detector is becoming even more important as a crime deterrent than for its original purpose, a criminologist reports. George W. Haney of Chicago, co-author of "Lying and its Detection" and a personnel consultant to several industries, says thefts have dropped sharply among employees in companies where a polygraph is used. A large drug chain with 10,000 retail outlets that at one time lost an estimated \$5,000,000 a year through employee thefts of cash, has cut its loss to an almost insignificant figure, he said. Above a model illustrates how it performs.—S.N.S. photo.

VANCOUVER GIRL TAKES TO SEAFARING—Anna Bouchard 23, of Vancouver, (left), will be one of two women among the crew of Norwegian ship Skaubo when she sails in few days. Anne was hired from among 200 Vancouver applicants for job as ship's stewardess. She wanted "life at sea". Already on board is Anna Oxol, (right), the vessel's radio officer. The two Anna's will cruise through the Orient on the ship's trip.—S.N.S. photo.

BOAT HAS GIANT OUTBOARD MOTOR UNIT—First Canad on lake boat using a giant-size outboard motor unit, is making its trial run off Lake Ontario at Oakville, Ont. Equipped with the same type of motor used on landing barges in the last war, the craft is designed to do towing work. It was constructed in Cornwall, Ont., but has been completely rebuilt by an Oakville boat-building firm. The boat is equipped with a 160-horsepower diesel engine, has a speed of 12 knots and will run all day at the cost of around \$50.—S.N.S. photo.
